Sanitize
in Seconds

Stay Healthy

99% Efficacy

Zap all Viruses, Bacteria & VOCs

Harnessing the power of Micro-Lightning

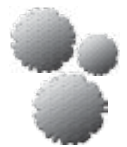

The fight against infections begin with your first breath of air

Air Halo® Sanctuary utilizes the power of micro-lightning to destroy germs and VOCs with a filter-less process for a healthier environment. Whether you are at home or at work, immerse in the clarity of nature with every breath.

Symmetrical
Airflow Design

Eradicates viruses and other similar germs

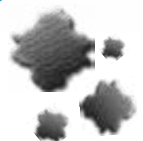

Destroys airborne bacteria

Reduces Volatile Organic Compounds

Reduces airborne dust particles

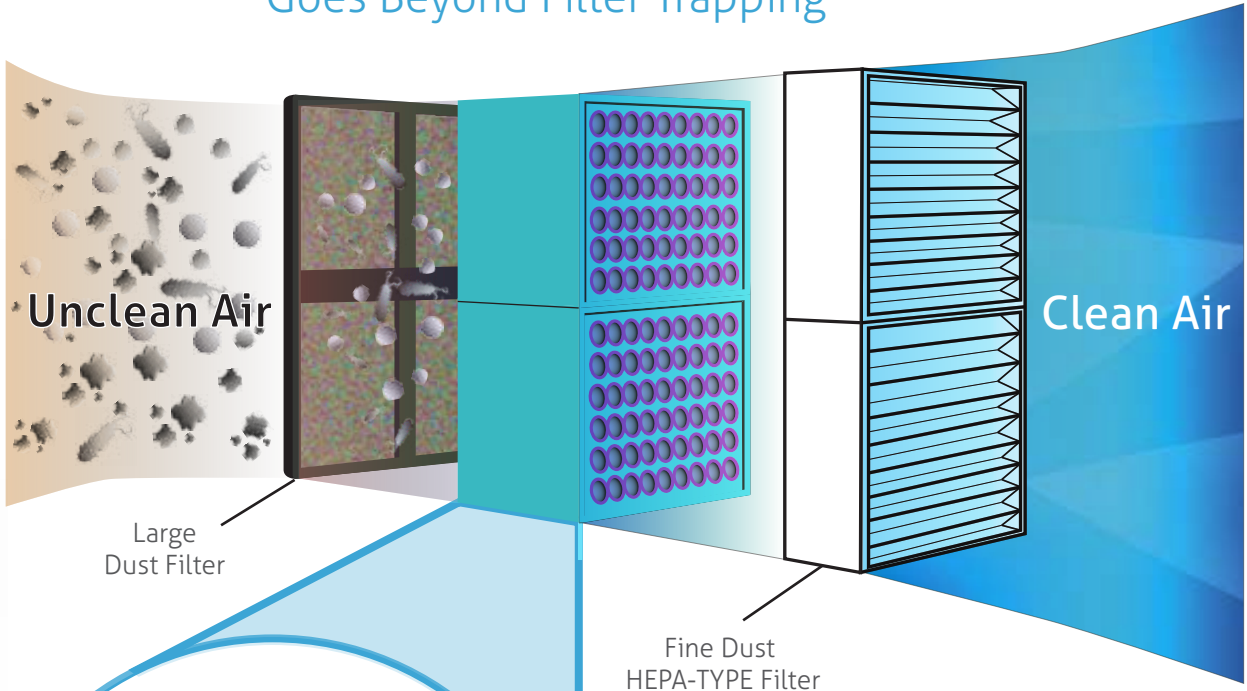

Defend your working and living airspace
Destroy airborne germs before they even land

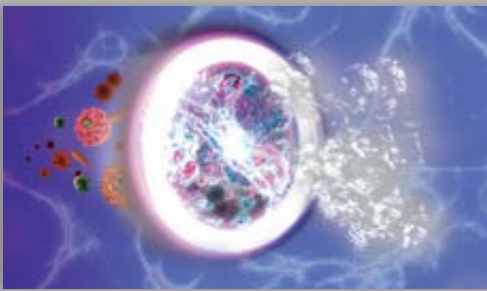

Utilizing the worldwide patented Plascide® technology
Generating thousands of Micro-Lightnings to rapidly
destroy Germs and VOCs. No ions or plasma released,
Plascide® technology keeping your airspace cleaner
and safer then ever before.

Actively Sanitize Within Goes Beyond Filter Trapping

Micro-Lightning Plascide® Technology

Rapidly & Effectively
Destroy Germs
& VOCs

Proven Anti-Germ Effectiveness
validated by certified laboratories

Common viruses and contagious
bacteria such as Influenza, MRSA,
lung infections like Tuberculosis
plus many other types.

Please visit our website at
www.air-halo.com to see our full list
of germs, laboratory certificates
and validations.

AIR HALO[®] Sanctuary utilizing Plascide[®] Technology

Mobile power on demand

Efficient Energy Usage

In-built Safety Features

Low Maintenance

Features

Plascide[®] Reactor

Micro-Lightning actively destroys germs with 99% sterilization efficacy

Passive Dust Removal

Large Dust Filter and Fine Dust HEPA-Type Filter

Reduce VOCs

Reduce odours and total Volatile Organic Compounds in the air

Adjustable Power Level

Boost Mode	High power neutralization for demanding protection
Normal Mode	Balanced power settings for general usage
Calm Mode	Gentle power settings for comforting requirements

Adaptable Green Mode

Preset cycle of sanitization power modes for optimal energy consumption

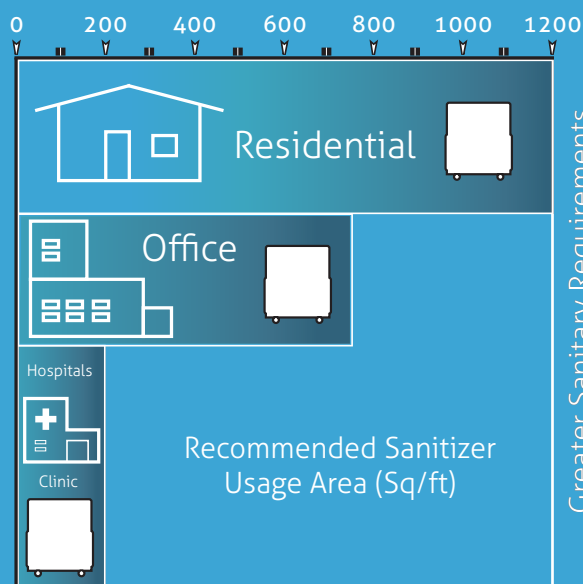

Adjustable Timer

Automatically shut down unit with preset time for care free operation

Specification

Model	AHS01
Supply	220V~240V@50Hz/60Hz*
Dimensions	56.6cm(l) x35.8cm(w) x66.3cm(h)
Weight	28 Kilograms
Consumption	175 Watts
Audio Emission	46 dB(A) - 54 dB(A)
Usage Area	200 Sq./ft - 1200 Sq./ft

*Enquire for specification details, may change without notice.
